**What We're All About**

Westmoreland Cleanways and Recycling is a non-profit 501(c)(3) organization whose mission is to protect, restore and maintain the environmental qualities of our county for the benefit of all who live, work, and visit herein. Westmoreland Cleanways and Recycling accomplishes its mission by sponsoring and promoting programs that address the proper disposal of solid waste through recycling, special collections, and the cleanup of illegal dumpsites and littered areas. We educate the public through presentations, print media and the web.

Westmoreland Cleanways operates a recycling center for hard to dispose material, initiates and facilitates programs by bringing together a network of volunteers, industry leaders, and state and local government representatives to provide services in the most efficient and economical manner. We are funded by the county commissioners, member fees, private donations, sponsorships and grants. Volunteers donate time, energy and expertise to carry out our mission.

Volunteers and new members are always welcome. Won't you call our office, visit us on the web, or attend a meeting to learn more about how you can be a part of Westmoreland Cleanways and Recycling?
